

Job Posting

Sales Lead Generator

Nova Scotia's Heating & Air Conditioning professionals. We are a leading installer of Heat Pumps for both commercial and residential applications.

HVAC offers the best value for money regarding sales, installation, maintenance and 24/7 service for residential and commercial customers

Responsibilities:

The successful candidate will become an extension of the sales team. Key responsibilities include going door to door talking to potential customers and generating sales leads. You will work as part of a team in HRM and potentially surrounding areas.

Qualifications:

- Strong communication skills
- Highly organized and detail-oriented
- Exude a positive attitude and be able to develop upbeat, friendly relationships with prospective clients and colleagues
- Direct experience within the HVAC industry is not necessary
- The ideal candidate will be interested in product training
- Very competitive pay plans

Work with us

Application Process:

Interested applicants must send

1. A cover letter outlining background and career objectives
2. Resume
3. Three references

To email info@scotiahvac.ca

There will be a phone interview and then an in-person interview.

We will provide training.

Lots of growth potential.
