## Concrete Labourer

Bedford, NS

Established in 1963, **Strescon Limited** has grown to become the largest precast, pre-stressed concrete manufacturer in Eastern Canada. Its primary market covers the Atlantic Provinces, the New England region of the United States, and Bermuda. Strescon manufactures a wide range of both architectural and structural precast/prestressed concrete products including bridge girders, wall panels, complete parking garages, hollow-core planking, piling and deck slabs. Strescon presently has two facilities: 70,000 sq. ft. in Saint John, New Brunswick and 50,000 sq. ft. in Bedford, Nova Scotia.

In addition to our engineered precast facilities for custom components, Strescon also operates a 32,000 sq. ft. facility in Saint John which manufactures standard concrete products for engineered drainage systems, such as pipe, manholes and catch basins.

Strescon Limited is currently recruiting **General Labourers** for our precast concrete facility in Bedford, NS.

### Responsibilities:

Duties include, but are not limited to, general heavy labour work:

- Assembly, preparation and dismantle of concrete forms;
- Mix, pour and spread concrete materials;
- Placement and tying of reinforcing Steel;
- Clean up of shop;
- Shift work and long hours may be required.

### Education Requirements - Knowledge & Skills:

- Ability to handle very physically demanding work;
- Must be clean shaven for all shifts in accordance with mask safety requirements;
- Must be willing to work long shifts and extra hours;
- Previous labour experience in concrete and/or construction industry is an asset.
- Past experience tying rebar and concrete finishing considered an asset;

### About OSCO

*The origins of the OSCO Construction Group go back to 1955 when Ocean Steel & Construction Ltd. was founded in Saint John, New Brunswick. Since that time, the OSCO Construction Group has grown to encompass four main operating sectors: **Steel, Concrete, Construction and Corporate**. Within these sectors lie an ever-expanding number of companies and divisions, serving a growing market area and employing over one thousand employees.*

*The OSCO Construction Group prides itself not just in embracing change, but in leading it. We drive this change by maintaining our vision to be fast, be global and be connected. All of our sectors are committed to: conducting business with integrity and fairness; continuous education & training of our employees; improving our processes; focusing on our customers' needs; and, providing top quality products & services.*
