About Dalhousie University

Dalhousie University is Atlantic Canada's leading research-intensive university and a driver of the region's intellectual, social and economic development. Located in the heart of Halifax, Nova Scotia, with an Agricultural Campus in Truro/Bible Hill, Dalhousie is a truly national and international university, with more than half of our 19,000 students coming from outside of the province. Our 6,000 faculty and staff foster a vibrant, purpose-driven community, that celebrated 200 years of academic excellence in 2018.

Job Summary	<p>The Faculty of Agriculture, Dalhousie University is a small research-intensive campus located in Truro, NS. Offering technical, undergraduate and graduate programs in agriculture, environment and related life and social science disciplines, the Faculty of Agriculture educates future leaders and generates knowledge and innovative solutions for healthy, sustainable societies. Reporting to the Chair, Department of Animal Science and Aquaculture, the Veterinarian Technician will assist Instructors in the Veterinary Technology Program during the 2021 winter semester.</p>
Key Responsibilities	<ul style="list-style-type: none"> - Complete lab set up and clean up. - Support the Instructors in overseeing students in labs and clinics by providing technical assistance and answering technical questions. - Complete and maintain required documentation for animal intake, surgeries, etc. - Monitor students for health checks in accordance with established Covid-19 protocols.
Note	
Qualifications	<p>Veterinary Technology diploma from an accredited program with approximately three years relevant experience in companion animal private practice is required. Must be a Registered Veterinarian Technician eligible to work in Nova Scotia. Must have demonstrated competency in companion animal surgical assisting, routine clinical pathology procedures, and veterinary nursing procedures such as blood collection, anesthesia and radiology. Proven excellent communication (oral and written) and interpersonal skills are required as is the ability to work independently with minimal supervision. Must have demonstrated solid computer skills and be familiar with lab safety guidelines.</p>
Job Competencies	
Additional Information	
Application Consideration	<p>Applications from university employees and external candidates are given concurrent consideration. Among short listed candidates, university employees will be given special consideration.</p> <p>We thank all applicants for their interest, however, only candidates selected for an interview will be contacted.</p>
Diversity Statement	<p>Dalhousie University is committed to fostering a collegial culture grounded in diversity and inclusiveness. The university encourages applications from Indigenous persons, persons with a disability, racially visible persons, women, persons of a minority sexual orientation and/or gender identity, and all candidates who would contribute to the diversity of our community.
