

833 Sackville Dr., Lower Sackville, NS, B4E 1S1

## Red Seal Automotive Mechanic

Our company is looking for a Red Seal Automotive Mechanic to join our team.

### Job Description

The successful candidate will be performing automotive repair and service work, ensuring all tasks are completed according to provincial safety standards, including but not limited to the following:

- Inspect and test automotive systems to locate faults and malfunctions, including via road tests
- Test components and systems, using diagnostic tools, service equipment, and experience
- Diagnose faults and malfunctions whether to repair or replace unit(s)
- Perform repair work identified with efficiency and in accordance with policies
- Adjust, repair, or replace parts and components of automotive systems
- Service, mount, and balance tires (mobile service)
- Salary / Wage to be discussed (either per hour or percentage of job)

### Ideal Candidate:

- Automotive Service Technician Trade Certification; Motor Vehicle Inspector Certificate
- 2 to 5 years of experience
- Effective and professional communication skills
- An adaptable team player who is reliable, trustworthy, and able to follow directions
- Able to demonstrate years of accumulated automotive industry experience and knowledge
- Know all aspects of automotive repair and maintenance for a wide variety of vehicles
- Able to use all hand and power tools associated with automotive repair
- Known by others for maintaining patience, eye for detail, and self-motivation
- Must be able to lift loads up to and including 50 lbs
- Must be able to work on knees, crouched, or on back underneath vehicles
- Must be able to work on-site, as well as outdoors when needed
- Must be able to work in confined spaces
- Bondable, Class 5 Driver's License, and Clean Driver's Abstract
