CRACK REPAIR & WATERPROOFING TECHNICIAN

In our 40 years in the waterproofing, foundation repair and concrete restoration business, **PERMA-DRY®** has emerged as “Canada’s Leader in Dry Basements & Concrete Repair.” Our unique, proprietary products, industry leading systems and exceptional customer experiences have brought peace of mind to hundreds of thousands of homeowners and businesses across North America. Due to our widespread success, **PERMA-DRY®** is growing and looking for the right people to grow with us!

Crack Repair & Waterproofing Technicians are responsible for the installation and service of residential and commercial concrete crack repair, sump pump, waterproofing and water control systems throughout the mainland of Nova Scotia. The Crack Repair & Waterproofing Technician will also be accountable for upholding the highest standards of quality, customer service and safety. The Crack Repair & Waterproofing Technician will also collaborate with the Service Coordinator for scheduling information and to provide feedback on issues encountered and obtain instructions in relation to day to day activities.

MAIN FUNCTIONS:

- Create and keep **VERY** satisfied, loyal, promoter customers who recommend **PERMA-DRY®** to their friends, family and coworkers.
- Manage customer expectations and provide exceptional customer experiences,
- Consult with customers on required repairs and service(s) and provide technical advice,
- Install and service various concrete waterproofing, water control and foundation repair systems as required.
